AGENDA

“This agenda outlines the key topics covered in this report, providing a clear structure to support discussion and review.”

- Executive Summary 03
- Objectives & Goals 04
- Medical Camp 1 05
- Medical Camp 2 06
- Medical Camp 3 07
- Medical Services Provided 08
- Financial Overview & Invoices 09
- Total Cost Calculation 10
- Beneficiary Profile & Challenges 11
- Conclusion 12
- Acknowledgement 13

EXECUTIVE SUMMARY

Key Highlights

This report presents the implementation and outcomes of a series of free medical camps conducted in District Rahim Yar Khan, Punjab, Pakistan. The initiative was funded by Arrahman Welfare Foundation Canada and implemented in collaboration with the on ground partner Arrahman Welfare Foundation. The medical camps were organized to improve access to essential healthcare services for underserved and vulnerable communities who face financial and geographical barriers to medical treatment. A team of qualified medical professionals provided free consultations, basic diagnostic screenings, medicines, and health education. The three camps collectively served approximately 1,300 patients, delivering timely medical care and preventive health services that contributed to improved community well-being.

3

Medical Camps

Three free medical camps were successfully implemented across underserved communities in District Rahim Yar Khan, providing accessible healthcare services to vulnerable populations.

1,300+

Patients Treated

Approximately 1,300 patients received free medical consultations, health screenings, essential medicines, and preventive healthcare services throughout the Implementation.

100%

Qualified Medical Team

All camps were delivered by a team of qualified doctors and healthcare professionals, ensuring quality medical care, accurate diagnosis, and appropriate treatment.

OBJECTIVES & GOALS

Implementation Objectives

The primary objective of this initiative was to improve access to quality primary healthcare services for underserved communities across District Rahim Yar Khan. Through free medical camps, the project aimed to reduce financial barriers to healthcare, promote early diagnosis of common illnesses, and provide timely treatment through qualified medical professionals.

The project also sought to strengthen community well-being by increasing awareness of preventive healthcare practices and encouraging early medical intervention. By partnering with local stakeholders, the initiative ensured healthcare services reached vulnerable populations in both rural and urban communities.

Key Project Indicators

To measure the success of the medical camps, the following performance indicators were prioritized:

Healthcare Access

Providing free, equitable, and timely medical consultations to underserved communities.

Early Diagnosis

Screening patients for common health conditions, including hypertension, diabetes, malaria, fever, and other routine illnesses.

Preventive Health

Promoting early disease detection and health awareness

IMPLEMENTATION LOCATIONS

MEDICAL CAMP 1

Location: Dhabewali, District Rahim Yar Khan
Date: June 20. 2026
Patients Treated: Approximately 250 patients

The first medical camp was successfully conducted in Dhabeweli, District Rahim Yar Khan, providing essential healthcare services to approximately 250 community members. The camp was organized to address the healthcare needs of underserved families who face limited access to medical facilities.
Residents received free medical consultations, health screenings, and essential medicines. The initiative supported early identification of common health conditions and provided timely treatment to individuals who may otherwise have been unable to access healthcare services due to financial or geographical barriers.

MEDICAL CAMP 2

Location: Tobal Afzalmar, District Rahim Yar Khan
Date: June 20. 2026
Patients Treated: Approximately 450 Individuals

The second medical camp was conducted in Tobal Afzalmar, District Rahim Yar Khan, serving approximately 450 patients from the surrounding communities.

The camp focused on delivering accessible healthcare services to residents, including medical consultations, diagnostic screenings, and free distribution of essential medications. Special attention was provided to women, children, elderly individuals, poor and needy people, and families requiring immediate medical assistance.

The successful implementation of this camp highlighted the importance of community-based healthcare interventions in rural areas, where access to doctors and medical facilities remains limited. It further emphasized the need to support underserved communities through sustained medical outreach and humanitarian initiatives.

MEDICAL CAMP 3

Location: Rahim Yar Khan City
Date: June 21. 2026
Patients Treated: Approximately 600 Individuals

The third medical camp was held in Rahim Yar Khan City, providing free healthcare services to approximately 600 individuals, including women, children, elderly residents, poor and needy people, and families requiring urgent medical support. As the largest camp under this initiative, it delivered extensive medical consultations, health assessments, treatment for common illnesses, and distribution of essential medicines. By bringing qualified medical professionals directly into the community, the camp significantly reduced healthcare barriers and enabled early diagnosis, timely treatment, and practical health guidance for underserved populations.

Info@arrahmanwelfare.org

MEDICAL SERVICES PROVIDED

Each medical camp was supported by a team of experienced doctors, nurses, and healthcare support staff andvolunteers who provided comprehensive healthcare services, including:

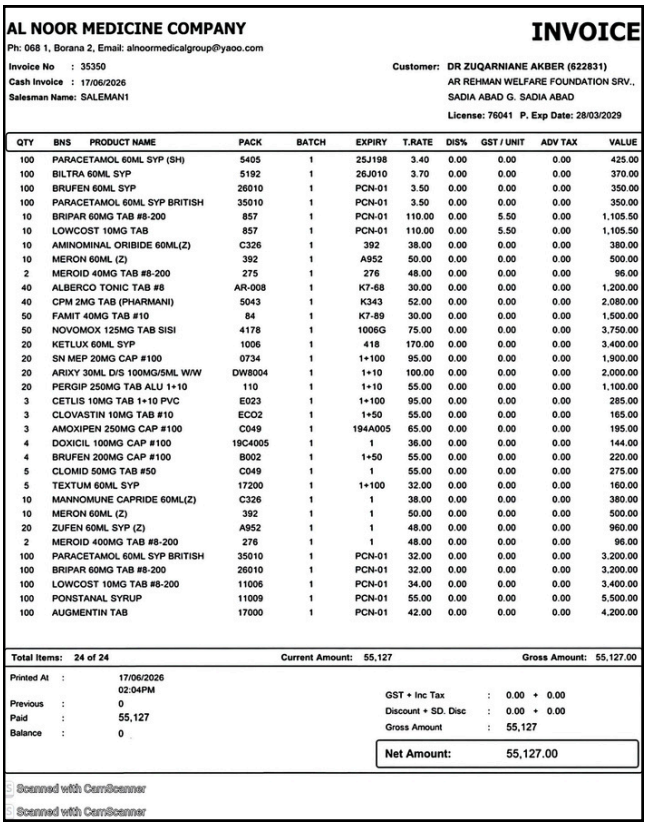

- General physician consultations Blood pressure screening
- Blood glucose (diabetes) testing Malaria and fever screening Temperature and vital signs assessment
- Medical history evaluation
- Diagnosis and treatment of common illnesses
- Prescription of medications
- Free distribution of essential medicines
- Health education and disease prevention counselling

FINANCIAL OVERVIEW & INVOICES

The financial overview summarizes the expenditures and resource allocation for the medical camp initiative, which was funded solely by the Arrahman Welfare Foundation Canada.

EXPENSE CATEGORY	Description	AMOUNT (PKR)
Miscellaneous Costs	Includes transportation, fuel, small operational expenses	40,000
Setup Costs	Tents, chairs, tables, registration setup	40,000
Labour Costs	Support staff, helpers, volunteers	15,000
Doctor Fees	Payments for medical professionals	40,000
Medicine Costs	Total medicine purchases for all camps	307,180

Scanned with CamScanner

Total Cost Calculation (PKR)

1. Total Operational Costs (excluding medicines)

40,000+15,000+40,000+40,000=135,000 PKR

2. Add Medicine Costs

Medicine cost provided:

252,053+55,127=307,180 PKR

3. Grand Total (All Costs Combined)

135,000+307,180=442,180 PKR

Total Cost = 442,180 PKR

Currency Conversion (PKR → CAD)

Exchange rate: PKR 200.90 = 1 CAD

CAD Amount=442,180 divide 200.90≈2,200.8

Total Cost in CAD ≈ 2,201 CAD

BENEFICIARY PROFILE

The camps served individuals from diverse backgrounds, including:

- Women
- Children
- Elderly individuals
- Daily wage workers
- Persons with chronic illnesses
- Poor and vulnerable families

CHALLENGES

During implementation, the project team encountered several operational challenges, including:

- High patient turnout resulting in increased waiting times.
- Extreme summer temperatures affecting outdoor operations.
- Transportation challenges for residents from remote villages.
- Limited availability of specialized diagnostic equipment.

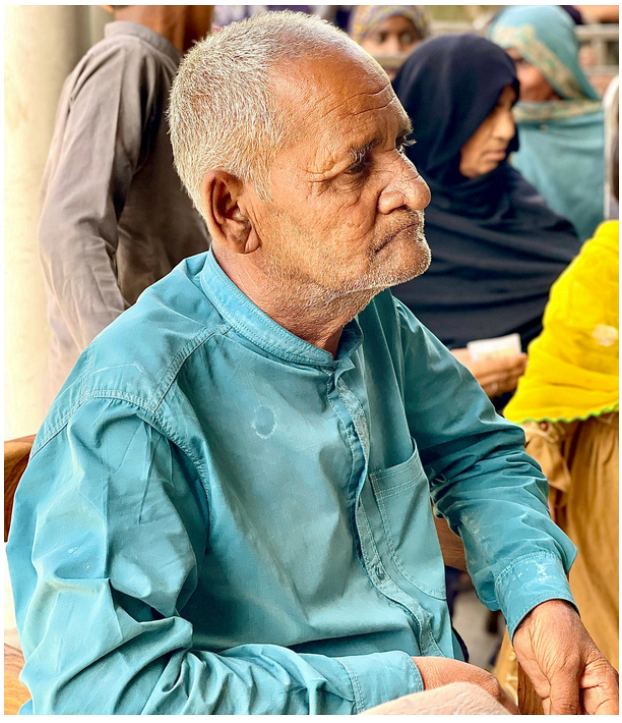

Despite these challenges, all camps were successfully completed through effective coordination and planning.

CONCLUSION

The medical camp initiative successfully expanded access to quality healthcare services for underserved communities across District Rahim Yar Khan. Through the partnership between Arrahman Welfare Foundation Canada (AWFCA) and the on-ground implementing partner Arrahman Welfare Foundation, approximately 1,300 patients received free medical consultations, diagnostic screenings, essential medications, and health education. The strong community response highlights the ongoing need for similar healthcare interventions, especially in rural and marginalized areas where access to medical services remains limited.

This initiative was fully funded by AWFCA, while Arrahman Welfare Foundation managed all on-ground operations, coordination, and service delivery.

ACKNOWLEDGEMENT

THANK YOU !

Arrahman Welfare Foundation extends its sincere appreciation to Arrahman Welfare Foundation Canada (AWFCA) for generously funding this initiative and for trusting us to lead the on-ground implementation. Your confidence in our work made it possible to serve poor and vulnerable families with dignity, compassion, and professionalism.
